

# Philippine Youth Environment Network

A Project of:

01 December 2009

To the aspiring members of the **Philippine Youth Environment Network:**

*Isang makakalikasang pagbati po sa inyo!*

Partnership Council

The Philippine Youth Environment Network (PhilYEN) was formed by Earth Day Network Philippines (EDNP) and UNEP Tunza South East Asian Youth Environment Network (SEAYEN) in response to Earth Day Network International's Green Generation campaign and the United Nations Millennium Development Goal Nos. 7 & 8. This project to promote environmental citizenship to the Filipino youth is supported by several governmental and non-governmental agencies led by the Department of Environment & Natural Resources and the National Youth Commission.

PhilYEN is envisioned to be the umbrella network of all youth organizations in pursuit of environmental advocacy. It would serve as an avenue for youth organizations to generate fresh environmental initiatives for their respective schools and communities. This network would enable the organizations to form collaborations and partnerships for their current and future environmental projects.

We, therefore, invite your organization to become part of PhilYEN and make a stand for the environment. To become a member-organization, please fill out the **Membership Form (MemForm)** and have it emailed to **philippine.yen@gmail.com**. For the subject heading, write the name of your organization followed by the word "MemForm-Organization Name-Region." A confirmation e-mail will be sent to you to formalize your enrollment in PhilYEN.

Always for Mother Earth,

  
**JAIRUS CARMELA JOSOL**  
*SEAYEN Senior Youth Advisor*

  
**ERYN GAYLE DE LEON**  
*SEAYEN Junior Youth Advisor*

  
**VOLTAIRE P. ALFERES**  
*EDNP Executive Director*

  
**ELISEA G. GOZUN**  
*EDNP Chairperson*
